"I heard it through the Grapevine"

The Software Center sends periodic informational messages which are intended to provide heads-up/real time information to Software Professionals throughout the Command. These "information messages" are not intended to by-pass or replace the formal communication process or to task any DCMD or CAO activity. Forwarding of this e-mail within the DCMC Software Professional community and to other interested DCMC employees is encouraged.

Your feedback is appreciated.

Grapevine - Message Configuration Notice

If you don't see graphics in the above message and can't see full text, it's because the Grapevine is published in Microsoft Word format. In order to read the message as sent, switch your mail message format to Microsoft Word. This will allow you to view the message in full format.

Sorry for the mysterious appearance; it wasn't meant to be a fill in the blanks exercise.☺

If receiving the Grapevine in this format presents a problem for you, please let us know.
